

CHERYL DANIELS

Hair Dept. Head/ Hair Stylist

IATSE local #798 & 706

Creativity is what Cheryl Daniels likes best about her career as a Hair Stylist for Feature Films and Television. She's been enjoying and refining her work for over 24 years and still loves what she does. Cheryl keeps up with the latest in hair styles and products by continually taking classes, attending hair shows and reading all the current fashion and trend magazines. Cheryl started in the theatre performing arts in Providence, Rhode Island before making the transition to Film and Television. Now her expertise covers all facets of hair including cuts, color, wigs, lace-front wigs and hair extensions. Cheryl utilizes these skills in sync with the director's and actor's choices and intuition to create a look that is integral and authentic to the character. Ms. Daniels is Boston and Los Angeles local and happy to travel.
