*Christopher (Chris) Heinrich hails from El Paso, Texas where he began his career as a film loader at the age of 15. Chris decided not to go to college, and instead worked within the trenches of indie filmmaking in California from the late 90's through the first decade of the 2000's. He ascended the camera-department ladder in the traditional manner, rising from loader to 2nd, to 1st, to operator, and cinematographer. He credits his knowledge of cinematography to DPs with whom he has worked, including Steve Yedlin, Brandon Trost, Tom Richmond, ASC, and Steve Gainer, ASC, to name a few. Chris takes pride in the hard work he has put into learning lighting, shot design, and blocking, and loves to do all three quickly and efficiently. In his free time, he enjoys playing the pedal steel guitar. Heinrich currently resides in Brooklyn, New York but is happy to travel for work.*
