

FLEUR MORELL

Makeup Dept. Head/ Makeup Artist

IATSE local #798

Fleur Morell had a family member in the entertainment industry so she grew up in and around it. Her initial interest was to become a camera operator. She initially assisted still photographers before training for film camera work. Back in the '80's, she learned that category was definitely a man's world at that time. Thankfully, the other talent that came naturally to Fleur was Makeup. She remains grateful to her amazing mentor Lona Jeffers, whom she trained with in Los Angeles. Fleur now has over twenty five years as a Makeup Artist for Features and Television. She spent years living and working in Vancouver and New Orleans before happily landing in Atlanta. She still enjoys working in new and interesting cities and countries. She loves working with creative people and helping to set the tone and look of a show. Fleur enjoys transforming an Actor into their character and always welcomes a challenge. For example, when she started to do more grungy, dirty, bloody makeup on shows, she had to let go of wanting everything to look perfect and embrace the messier the better. "The most rewarding part of my job is having a good working relationship with an actor, where they feel totally comfortable and there is trust and I am there to support." Ms. Morell is based in Atlanta, Georgia and happy to travel.
