

JAY MEAGHER, C.A.S.

Production Sound Mixer

Member, IATSE 695 & 479

Jay Meagher began his Sound Mixing career early when he owned a touring concert sound company in Virginia and a movie project in the area called his office asking if they knew anyone that does production sound. Having answered the phone, Jay said yes, of course. He hadn't done location sound but as a quick learner, he immediately learned everything he could, got an interview and landed the job! The show went smoothly and thirty years later Jay still loves production sound and works with many Academy Award winning Actors, acclaimed Directors and Producers. Jay loves the collaborative process of filmmaking and the challenge of getting great sound in difficult conditions. He is a self admitted perfectionist and enjoys hearing his work on the finished project and being satisfied with the end result. As a member of both Locals 695 and 479, Jay is able to work Los Angeles and Atlanta local.
