

STEPHANIE COFFEY

Makeup Artist / Dept. Head

IATSE local #706

Stephanie Coffey has worked in television and film for over twenty years working in every format from series to features to daytime television, awards shows and personal appearances. After attending beauty school and becoming a licensed aesthetician, Stephanie started working in low budget films before joining the union and focusing on her career as a celebrity makeup artist. That led to her completion of the Journeyman coursework allowing her to work as a Department Head on television and film projects. Her work in television includes single and multi-camera comedies including the hits Modern Family and Arrested development. Stephanie's versatility includes her work in fine upscale salons as a licensed and popular aesthetician. She's equally comfortable running a makeup department and applying prosthetic makeup on set. Stephanie sought to find the perfect formula of natural looking makeup that is actually good for your skin and now has her own line, Cat Goddess Cosmetics. In Egyptian mythology, the Cat Goddess represents perfection and good fortune and Cat Goddess cosmetics represents antioxidants, which protect the skin.
