

CATY MAXEY

Production Designer

www.catymaxey.com

IATSE Local 800

Caty Maxey began her career in New York. With a Masters degree from NYU, she worked in theatre and film until a move to Los Angeles opened up worlds of possibilities and challenges that, with great energy, she still embraces. Maxey's work is about hands-on creativity. Her background in painting and ceramics allow her to create original pieces perfectly suited to the director's vision and the producer's budget. Maxey is equally at home with large or small projects and can accomplish her magic on built or practical sets.
