

MERC ARCENEUX

Dept. Head Makeup Artist & Personal www.mercbeauty.com IATSE local #706

Merc Arceneux was a runway model at age 15 which lead her to New York and overseas where she officially became a makeup junkie. Modeling allowed her to observe and learn every time she sat in a makeup chair. As an avid reader of fashion magazines, Merc stayed on top of the latest makeup trends and what the top models were doing. Her early makeup work included album covers and Music Videos but her dream was to create looks for Film and Television. She knows that makeup has a kind of magic power on the big screen when applied with the proper tools and the right hand. She loves doing character work with her applications. Today she still enjoys her versatile work with actors and actresses of all ethnicities in the many genres of Films and Television. Merc is based in Los Angeles but happy to travel stateside and abroad.
